Mr Geo H. Himes

Dear Mr Himes

Yours of Aug 26th came
duly to hand, I am now in fear that you sent
the Mc Cormick photo and is lost on the way. At least
if you done as you wrote you would, I have not
yet received it. Your discription of Mayor Wasserman
is very clever many thanks.

Your mention of the historical school - house is very
good and I believe that I could paint such a picture
without seeing it. But I could do much better if I could
see it. When I come to your city I will see about it.

I presume that someone would like the painting

How many more exmayors of Portland do you figure
I have to paint before I can "round up"?

I wish I could finish up before Jan'y next, I presume
that there will be two or three that I can not get -
any way. I believe that it is not wise to wait untill
I get them all for I might be an angel before the finish
What do you thing Mr. Himes?

I shall be pleased to receive the Mc Cormick picture
Many thanks to you for securing it.

Sincerely Yours

Theo Segaux

My regards to Mr. Greenfield
