Mr. G. H. Hines

Portland Ore.

Dear Mr. Hines,

I have your Father's and Mother's portraits finished, but as I have attempted to develop the likenesses I wish to deliver the portraits in person and make any further betterments or corrections if so required, I will bring my crayon pencils so that I can do the work if it needs to be done, I have to come to Portland any way, as I want to make my "will" and in regard to that, I ask you to make out an ^{itemised} statement of my indebtedness to you so that my lawyer can fix up things, Please get that note out that I signed, for Mr. Darcy's five dollar bill, as I want to take that up. Now, when you have every thing ready; for I don't wish to stay over night, please notify me by making an appointment and I will come on the day you name. Please do not delay, I want matters straightened up, before it is too late for me to do it.

Yours Truly

Theo. G. Gentry
