Mr. George H. Himes,
253 Market St.,
City.

Dear Sir:-

The writer has been retained by Mr. Theodore Gigoux of near Champoeg, Oregon to secure from you, an accounting of the portraits entrusted to your care of the mayors of the City of Portland.

According to Mr. Gigoux, a number of a years ago, he painted portraits of the may^{or} and ex-mayors of Portland and some time thereafter entrusted all of these portraits to your care and authorized you to sell such of these portraits as you could. Since that time, Mr. Gigoux tells me, that he has never received an accounting from you and is not advised as to how many of these pictures you have sold.

Mr. Gigoux is anxious to get his affairs straightened up and if there is any money due him would like to receive it and would also like to know which pictures remain unsold so that he may endeavor to sell the same in order to raise some money for himself.

Will you kindly furnish the writer, on behalf of Mr. Gigoux an accounting of these pictures and money received therefrom?

Thanking you in advance for your very early attention in this request, I am sirs.

Yours very truly,

D. D. Hail
